## ABOUT

LeaseQuery helps accountants and other finance professionals eliminate lease accounting errors through its CPA-approved lease accounting software and implementation process. By providing specialized consulting services in addition to its software solution, LeaseQuery enables companies across all sectors to ensure compliance with the most comprehensive regulatory reform in 40 years. It is the first lease accounting software built by accountants for accountants. For more information about LeaseQuery, visit [LeaseQuery.com](http://LeaseQuery.com) or call 1-800-880-7270.
